Electronic Hook Switch Guide

Summer 2012

SAVI® 700 SERIES | CS500™ SERIES | MDA200™

Electronic Hook Switch Guide Contents

Electronic Hook Switch Cables (EHS) provide remote desk phone call control (answer/end) with your Plantronics wireless headset system (or the MDA200™ headset hub). We offer cables that are compatible with many of the most popular office desk phones.

We also have a handset lifter accessory that can be used with most desk phones that are not compatible with one of our EHS cables.

Visit Plantronics.com for more information.
