# POLY HEADSETS WITH TEAMS CERTIFICATION

Teams Certification what does it provide?

- **Invocation** - bring the Teams client application to the foreground (join a meeting, or check missed calls)
- **Notification** - ability for Teams client to send visual or audible indications to users of the peripheral device
- **Audio Requirements** - the device meets Microsoft's audio requirements to ensure users get the best audio experience
- **Firmware upgrades** - allow the device to potentially be upgraded for future Microsoft UC platform updates
