

Voucher Promotion Scanner Series

When purchasing one of the Panasonic Scanners between 01 February 2020 and 31 March 2020 ("Promotion Period") listed below, you are eligible for a voucher redemption. The value of the voucher is based on the number of units purchased with your distributor and Panasonic will provide a single E-Voucher based on your quantity per month. This will be based on the report we will receive from the distributor.

In order to get your vouchers sent to your company, you need to register your company here:

<https://businesspanasonic.tfaforms.net/106>

After registration your purchases will be marked on the distributor reports and when purchased under regular conditions (no promotion, no rebates) they will be applicable for the Voucher rebate. The table below shows the products qualifying for a voucher ("Overview of Voucher Value per model")

Based on the report from the distributor, a cumulative voucher value will be calculated and this will be sent to you for each month's purchase (so for example you will receive one voucher value for the month of February)

So order as many Scanners as you like / can sell and secure your additional Voucher.

Don't forget to register first. No registration means – No Voucher redemption possible
