

# CONNECTED

## The world's most popular UPS just got smarter

### Connected Smart-UPS is here:

### APC SmartConnect Enabled:

- Accessible from any internet connected device, on site or mobile
- Compatible with major RMM platforms
- Proactive actionable alerts and lifecycle recommendations
- No special software, SNMP trap or coding required

### Connected Smart-UPS Features:

#### APC SmartConnect

APC SmartConnect is a proactive remote UPS cloud monitoring feature that is accessible from any internet connected device

#### Pure Sinewave

Instant backup battery power with pure sinewave output during a power outage

#### Intelligent Battery Management

Temperature compensated charging extends life and advanced algorithms recommend replacement date

#### High-efficiency Greenmode

Optimum efficiency which saves utility and cooling costs

#### Network-grade Power

Provides stable power conditions by filtering noise, automatic voltage regulation (AVR), and surge protection

#### Emergency Power Off (EPO)

Provides for remote UPS shut-off in the event of a fire or other emergency (2,200 VA and above)

### Getting Started is Easy

1

Install your UPS

2

Scan the QR code

3

Register your UPS

Scan to get  
started
