Elite x360 1020 G2

Suddenly, everywhere becomes your office with our thinnest and lightest business convertible. From the office to abroad, go wherever work takes you with high-performance specs, industry-leading security, and immersive collaboration

Why HP

- World's thinnest and lightest business convertible
- Industry-leading security and immersive collaboration
- Long battery life (up to 15.5 hrs), HP Fast Charge, HP Sure View
- Industry-leading ultra-bright 700-nit display
- Multiple docking options, supporting USB-C™ and Thunderbolt™ connectivity, provide the flexibility you need, in and out of the office.

Why transition

- Minimize down time with long battery life.
- This solution provides flexible docking options to fit your needs. Maximize your docking performance with the most advanced and ultra fast docking solution available (Thunderbolt™ 3).

Elite 90W TB3

Dedicated workspaces (1:1)

Highest speeds, high video resolution

0.5 meter cable, only compatible with TB PC's

USB-C™ Dock G4

Dedicated workspaces (1:1)

Pass-through video, least expensive, dock/charge with single USB-C™ cable, network manageability, powers NB without opening lid

Only works on PC's with DP over USB-C™ alt mode

USB-C™ Universal Dock

Shared workspaces (1:many)

Universal dock can be used on virtually any notebook, dual 4k or single 5k display, network manageability

All features driven by USB (NIC, DisplayLink, audio) requiring drivers

Thunderbolt™ Dock 120W G2

Dedicated workspaces (1:1),
Shared workspaces (1:many)

Maximum performance docking for the future. Connect to any notebook with USB-C™ Alt-mode or TB. Ultra-fast speeds, high video resolution and network manageability
