Warranty and Service Information Manual 2017 for Public Signage Displays

1. Introduction and Warranty

1.1 - Introduction

All of our Philips Public Signage Displays are designed and manufactured to the highest standards and deliver high-quality performance, ease of use and ease of installation.

In case you encounter any difficulties while installing or using your Philips Public Signage Displays, we recommend that you first consult the operating instructions or the information in the support section of www.philips.com or on the CD-ROM. Secondly, contact your System Integrator who had installed your Philips Public Signage Displays or your Dealer for further assistance.

Our Philips Customer Service Representatives will provide you with additional service when needed.

1.2 - General Warranty Period

We are offering a **36 months** warranty begins on the date of your purchase. In case of a missing proof of purchase (POP), the warranty period is considered to have started from the date of manufacturing indicated on the product or from the serial number of the product and will end after 39 months.

If any defect due to faulty materials and/or workmanship occurs within your warranty period, we will make arrangements for the following service within the warranty period:

1. **Swap Service** (refer to your region on **page 10, 11, 12**)

1.1 - Your original unit will be replaced with the same model;

1.2 - If option 1.1 is not possible, an upgraded model within the same product line will be offered after your approval;

1.3 - If option 1.2 is not possible, an alternative model will be offered after your approval;

1.4 - If you would like to receive back your original product, a Pickup, Repair and Return service can be offered.

1. **Pickup, Repair and Return Service or Carry-In Service** (refer to your region on **page 13, 14, 15, 16, 17**)

2.1 - Your original product will be repaired;

2.2 - If option 2.1 isn't possible, an upgraded model within the same product line will be offered after your approval;

2.3 - If option 2.2 isn't possible, an alternative model will be offered after your approval.

1.3 - Dead on Arrival (DOA) Period (*during business days)

**Subject to local DOA conditions by law.

We are offering a DOA period of **7 calendar days****, beginning on the date of your purchase. A proof of purchase (POP) must be provided for you to apply for a DOA request and your defective product must be returned completely in the original box with all the accessories included.

In case of a justified DOA claim, the same product as the defective product will be offered to you as a replacement.

We have the right to claim the costs for any missing parts or any other Customer Induced Damage (CID) which we receive.

1.4 - What is excluded?

Your warranty applies when the product has been handled properly for its intended use and in accordance with the operating instructions. Your warranty does not cover for the losses consequent in nature, including but not limited to loss of data or loss of business. Your warranty does not apply if:

- ! The purchase documents have been altered in any way or made illegible;
- ! The model- and/or serial number on the product has been altered, removed or made illegible;
- ! Unauthorized service organizations or persons have carried out repairs or product modifications and alterations;
- ! The defect is caused by abuse or misuse of the product or by environmental conditions that are not in conformance with the recommended operations of the product;
- ! The defect is caused by connection to peripherals, additional equipment or accessories other than those recommended in the user manual;
- ! The defect is caused by an external enclosure, assembled around the product which has not been recommended in the user manual;
- ! The product has been damaged - including but not limited to damage by pets, lightning, abnormal voltage, water or fire, natural disaster or transport accident;
- ! The product is defective due to wear of parts, which can be considered as consumable parts by their nature;
- ! The product does not function properly because it was not originally designed, manufactured, approved and/or authorized for the country where you use the product, which might occur in instances where the product has been purchased in another country other than that of its intended use.

1.5 - Out of Warranty (OOW)

After your warranty period, we can offer you a **Out of Warranty** service or a repair solution via our Certified Service Centre if you wish to make use of this service.

Please contact our Philips Customer Service Centre and a Philips Customer Service Representative will forward your request to a Certified Service Partner in your country.

Our Certified Service Partner will contact you with an estimate quotation for a service or a repair solution for you to decide accordingly.

If the Certified Service Partner cannot perform a repair solution under the offered repair quotation, we will find alternative solutions for you if possible up to 60 months (5 years) from the manufacture date, which you can find on the product label of your monitor.
