

# The Value of Service Automation with BitTitan

## Grow Your Services Team Without Adding Staff or Overhead

“The best part of MigrationWiz is that it’s fully automated so you have time to focus on what’s important: Managing customers and their expectations.”

Micha van der Burg, IT Architect | Advantage

### Complete Deployments 10X Faster

A 50 hour manual migration cut to just 5 hours with BitTitan, allowing your business to scale

### Decrease Labor Cost

Junior level engineers can now complete senior level projects

### Increase Cloud Sales

Spend less time per project, increasing profitability by over 50%

## Additional BitTitan Benefits

- **Expand Service Offerings**  
Migrate more than just mailboxes, tackle Teams, SharePoint, OneDrive, and Outlook Configuration projects
- **Enable Digital Collaboration**  
Help your customers #WFH, via 100% SaaS powered migrations to the cloud
- **Add Value to Customer Relationships**  
No installations, no user downtime, 100% secure and compliant

## See the Value for Yourself

Receive test licenses and learn how standardizing your migration practice with BitTitan creates an efficient, scalable, and profitable service business.
