

APX offer for new and existing customers

Sell APX Series access points and save up to 25% [Valid until September 30, 2021]

The Sophos APX Series is a growing portfolio of access points with 802.11ac Wave 2 technology. They are custom-built for increased throughput at load and better performance and security. Our models are available for cloud-management in Sophos Central and on-premises management via XG Firewall and SG UTM.

THE BENEFITS:

- ▶ **Cloud or Firewall Controller:** Models are available for cloud-management in Sophos Central and on-premises management via XG Firewall and SG UTM.
- ▶ **Efficiency:** Significant performance improvement over legacy 802.11ac Wave 1 models
- ▶ **Flexible Usage:** Optimized for both wall- and ceiling-mount [diverse mounting kits available]
- ▶ **Perfect for Guest Access:** Easy setup of guest hotspots with numerous authentication options.
- ▶ **Investment Protection:** 5-year warranty as a standard, Advance Replacement RMA included in Sophos Wireless Standard or Firewall support subscription

Are your customers using the Sophos AP Series models? They can manage AP and APX series access points in a mixed environment.
