

# WHY WAIT?

## DELIVERED IN 2 WEEKS

*Fast Track Program — Switch & AirEngine Wi-Fi 6*

Promotion Models	Description
<b>AirEngine 5761-21</b>	11ax, 2 + 4 dual radio, Smart Antenna, USB, BLE
<b>AirEngine 5761-11</b>	11ax, 2 + 2 dual radio, Smart Antenna, USB, BLE
<b>CloudEngine S5735-L8P4S-A1</b>	8 x 10/100/1000BASE-T Ethernet Interface, 4 x GE SFP, PoE+, AC
<b>CloudEngine S5735-L24P4X-A1</b>	24 x 10/100/1000BASE-T Ethernet Interface, 4 x 10 GE SFP+, PoE+, AC
<b>CloudEngine S5735-L48P4X-A1</b>	48 x 10/100/1000BASE-T Ethernet Interface, 4 x 10 GE SFP+, PoE+, AC
<b>CloudEngine S6730-H24X6C</b>	24 x 10 GE SFP+, 6 x 100 GE/40 GE QSFP28

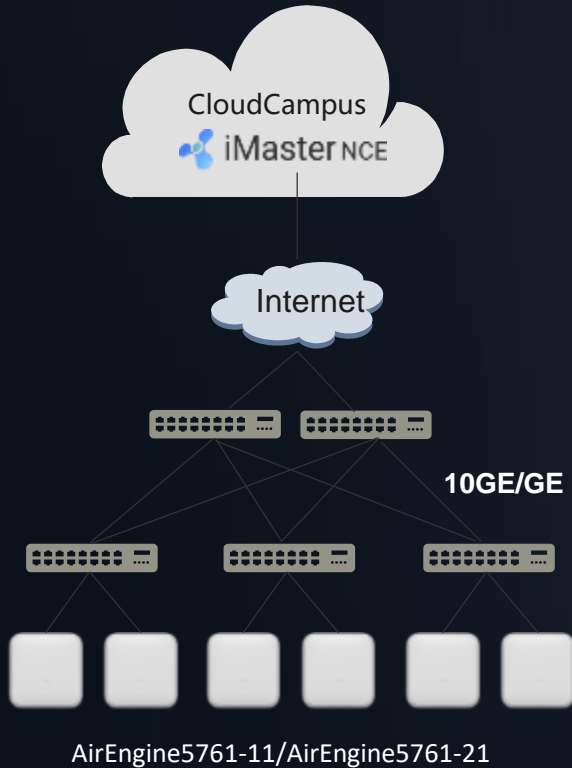

- Order any Switch or Access Points (APs) listed above, they'll be delivered to your door within 2 weeks.
- Promotion is valid until 30.11.2021
- Please contact Huawei partner for more information and ordering

# Set up your future oriented Wifi-6 network – On-Prem or CloudCampus

## Access+Core 2 Layer Network

Access Control for Wired and WLAN

- **Between access and core layers:** The backbone link supports 10GE link.
- Dual-link bonding increases uplink bandwidth.

## High-performance core switch

### CloudEngine S6730-H

- 10GE/25GE/40GE/100GE
- Native AC, managing up to 1K APs
- Pluggable dual power slots
- 220 mm deep for flexible installation and deployment
- Wired and wireless convergence, simplified network and user management
- Telemetry-based network fault locating in minutes

## Simplified gigabit access switch

### CloudEngine S5735-L

8/24/48 x GE downlinks, 4 x GE SFP or 10GE SFP+ uplinks

- SVF, enabling plug-and-play
- Intelligent port hibernation and fan speed adjustment for energy saving
- Fast/Perpetual PoE, providing reliable power supply and access for PDs

## Typical Scenario

K12-Campus

Retail Store

Branch Office

Hotel

Clinic
