

20W Ultra-Small Charger

Superior Protection While Charging

The addition of a temperature sensor and intelligent software during the charging process enhances safety and protects your phone.

High-Speed USB-C Charging

Charge your iPhone up to 55% in only 30 minutes with 20W USB-C charging—3 times faster than using a 5W charger.

Ultra Small and Upgraded Design

At just 1 inch thick, the charger is ultra-compact and powerful—delivering 20W of power in a form factor similar to a 5W iPhone charger. Plus, its sleek and aesthetically pleasing design is sure to impress.

One for All

Anker Nano is designed to work flawlessly with a wide range of smartphones, tablets, and more, so you can charge all your mobile devices via a single ultra-portable charger.
