

POLY IP CEILING MICROPHONE ARRAY

IP ceiling microphone array for the Poly G7500.

- Superior audio pickup — Adjustable drop height provides extraordinary voice pickup from anywhere in the room.
- Award-winning technology — Makes full use of Poly's digital microphone and Acoustic Fence technology.
- Superb room coverage — 360-degree coverage from three cardioid elements can handle a room up to 1,200 square feet with three arrays.
- Capture the speaker — Designed to exclude background noise and capture speech via a directional microphone that focuses on the person speaking.
- Neat, easy installation—Complete kit includes everything you need to hide electronics in the ceiling, out of the way of the floor and tabletop.
