Bluetooth direct

Bluetooth direct enables you to pair your supported Poly device quickly without a USB adapter, on HP laptops only.[1]
For the latest information, visit: https://info.lens.poly.com/docs/lensapps/lensdesktop

Poly Lens Desktop 2.x supports the use of Bluetooth direct to pair the following devices on HP laptops:

- Poly Voyager Free 60 Series
- Poly Voyager Surround 80
- Poly Voyager Surround 85

Unique pairing experience[3], First to deliver with Zoom[2], Microsoft Teams native Bluetooth® certification coming soon, Hybrid work made easy!

IMPORTANT: All Windows 10 and Windows 11 HP laptops support Bluetooth direct but some HP laptops may not have full mute sync support without updated Bluetooth audio drivers.

The following HP laptops include the Realtek Bluetooth module when shipped, and they support the full range of Bluetooth direct features.

Supported HP notebooks are G8-G11 Elitebook 400, 600, 800, 1000, Dragonfly, mWS (Z Books) with Intel or AMD processors

TCO Certification

TCO Certified is a global sustainability certification for IT products. As a part of our commitment to Sustainability, we now offer Poly headsets with TCO Certified designation.[4]

Companies with products that carry the TCO Certified designation demonstrate **socially and environmentally responsible practices.**

These product models meet a wide scope of sustainability criteria, covering both **environmental and social responsibility in the supply chain and throughout the product life cycle.**

TCO Certified prducts:

To review the latest approved Poly headsets visit the TCO website.

POLY HEADSETS WITH TEAMS CERTIFICATION

Teams Certification what does it provide?

- **Invocation** - bring the Teams client application to the foreground (join a meeting, or check missed calls)
- **Notification** - ability for Teams client to send visual or audible indications to users of the peripheral device
- **Audio Requirements** - the device meets Microsoft's audio requirements to ensure users get the best audio experience
- **Firmware upgrades** - allow the device to potentially be upgraded for future Microsoft UC platform updates
